Creating Safe Communities

It takes a village to raise a child, so here at The Cyber Safety Project we believe in a whole community approach to supporting young people to successfully live, play, learn and work online.

Our mission is to empower every young Australian to self manage their digital safety and wellbeing through proactive education.

Cyber Safety Project Team

Trent Ray | Co-Founder & Digital Pedagogies Specialist
Trent has over 13 years experience working as a primary & secondary school teacher & leader in Victorian Schools. More recently Trent’s roles include Co-Founder of the Cyber Safety Project, Director of Collective Education Australia and working in partnership with the Education team at Microsoft Australia.

Sam Macaulay | Co-Founder & School Programs Manager
Sam is a primary school teacher whose advocacy for student leadership led him towards becoming a Co-Founder of the Cyber Safety Project. In 2017, Sam was the deserving recipient of the Deakin Community Award for his outstanding contributions to his local community (Deakin Electorate in Melbourne).

Jaclyn Tasker | Cyber Safety Educator & Lead Curriculum Designer
Jaclyn is a primary school educator and ICT leader who has overseen the implementation of many successful teaching and learning initiatives. Combining her Masters Degree in Education and extensive experience teaching digital literacies in the early years, Jaclyn’s wisdom is embedded in the Cyber Safety Project Curriculum resources.

Kate Price | Cyber Safety Educator
Kate is an educator and mother bringing a unique perspective to the Cyber Safety Project dynamic. For more than 10 years, Kate has devoted her time to promoting health and wellbeing as an ambassador for the Cancer Council Australia. Her passion for supporting the community extends through helping all parents, and their children safely navigate the complexities of the ever changing digital landscape.

Our Commitment

Empower Young People
To be safe and responsible digital citizens when using connect technologies.

 Equip Educators
With the tools and resources to develop proactive strategies through working with students, parents and the wider community.

 Engage Parents
And the wider community to assist in fostering positive and safe digital environments in the home.
Launched in 2017, the Cyber Safety Project has already reached thousands of school students, educators and parents through a proactive whole community approach designed to empower young digital users to develop safe practices when using technology.

**THE CYBER SAFETY TEAM DELIVER**

- **Targeted Workshops & Classroom Intensives** for Foundation to Year 12 students
- **Professional Learning** for educators with ongoing access to lessons and teaching resources aligned to the Australian Curriculum
- **Parent Support** including presentations, family workshops and digital resources
A comprehensive F-6 whole school learning program.

The Cyber Safety Project Curriculum educational resources are underpinned by four key values of Responsibility, Integrity, Strength and Empathy, which are the foundations for thriving in both the offline and online worlds.

Instilling strong, positive values in our children empowers the future citizens of the world to be resilient and empathetic and ensures thoughtful decision making in every aspect of their lives.
FOR SCHOOLS

CYBER SAFETY TEACHING MADE SIMPLE

The Cyber Safety Curriculum is delivered via the online Cyber Safety Curriculum Portal.

With the curriculum refreshed every year, level-up your cyber safety program with access to the Cyber Safety Curriculum Portal.

Made for Australian Educators.

Designed by teachers for teachers, no two lessons are the same with a Foundation to Year 6 Scope and Sequence mapped to National and State Based Curriculum Learning Outcomes and General Capabilities.

CYBER SAFETY CURRICULUM PORTAL

A whole school subscription starts from just $1,200 per year.

CYBER SAFETY EMOTIONS CARDS

Integrating social and emotional learning. Junior and Senior emotions cards and exercises equip students with the language and tools to monitor their own emotions and communicate effectively with others.

Currently available as part of the Cyber Safety Curriculum.
Cyber Safety sessions designed to empower young people to take control of their own digital safety and wellbeing through engaging and interactive workshops and presentations.

From Foundation to Year 6, the Cyber Safety Project offers a primary school program tailored to meet your students’ needs relevant to their level of digital use and understanding.

**FOR STUDENTS**

**ENGAGING WORKSHOPS & INTERACTIVE PRESENTATIONS**

An exciting and interactive show or workshop tailored to your school’s needs covering up to six key themes relevant to each age group.

- **LEVELS**: F-2 | 3-4 | 5-6
- **DURATION**: 60 - 75 MINS
- **CAPACITY**: up to 100 students per session

**CLASS INTENSIVES**

*2X* individual class visits from one Cyber Safety Team member each term.

*2X* additional activities/lessons provided for each classroom teacher to deliver between class intensives.

- **LEVELS**: F | 1 | 2 | 3 | 4 | 5 | 6
- **DURATION**: 30 MINS
- **CAPACITY**: up to 30 students per session
Each year that you partner with the Cyber Safety Project, learners are introduced to new concepts, new strategies and engage with fresh approaches through our two year student workshop cycle.

All student workshops align to the Cyber Safety Project Curriculum Framework values of Responsibility, Integrity, Strength and Empathy with a focus on either Digital Safety or Digital Wellbeing.

**FOR STUDENTS**

**SOMETHING NEW TO LEARN EVERY YEAR!**
